The Baugh Center

Larger groups appreciate the comfort and convenience of Stonecroft's Baugh Center for Evangelism Training.

This recently renovated facility features 33 guest rooms, conference areas, a spacious dining room, and a chapel.

The Manor

Charm radiates from the stone Manor, a lovely 1920s-style home with seven delightfully decorated bedrooms, each with its own private bath. There's space for two to four guests in each bedroom.

- The dining room seats up to 168 guests. Meals are contracted separately through approved caterers, offering a variety of menu options and price ranges.
- Flexible chapel seating accommodates up to 175 guests. An additional conference room offers space for 80, or can be divided into two smaller rooms.

Common areas inside the Manor include a dining room, living room, solarium, and enclosed sun porch—each spot perfect for cozy small group gatherings.
