Community Discovery through Prayer

God hears your prayers for new avenues to share the Gospel in your community.

Pray for existing outreach to women in your community:

- Christian Women's Clubs or Connections/After Fives
- Stonecroft Bible Studies
- Stonecroft Military
- Detox—Healthy Balanced Living
- Other Stonecroft outreach activities

Pray for new avenues for sharing the Gospel:

- With your neighbors, friends, family, and coworkers
- While visiting shopping areas
- At educational and learning centers
- With community leaders, officials, decision-makers
- Against a specific stronghold area in your city (alcoholism, severe poverty, loneliness, joblessness, etc.)

Discover more about your surroundings:

The following resources will help you discover more specific information about your community—the needs, the culture, and areas to cover with prayer. You may also find in your prayerful research an area in your city that could develop into an outreach.

statemaster.com

This comprehensive resource offers statewide information. Statistics on crime, transportation, health, housing, and many other categories give a good overview and can provide direction for local research. For instance, we may observe a high or low statistic in an area that can direct us to research the situation in our community.

quickfacts.census.gov

Find statistics for states, counties, and towns with more than 5,000 people. Discover breakdowns for age groups, female populations, type of family structures in households (single/married parents, number of children), and types of housing (multi-family units and stand-alone homes), among other information.

yellowpages.com

Enter the type of business or facility into the search engine along with the name of the town. This site will also pull up a listing that includes similar facilities in nearby communities. Search for gyms, parks, jails, coffee shops, churches, and other types of facilities.

Municipal, Chamber of Commerce, and Department of Social Services websites

Find details about businesses, events, parks, and health and environmental issues.

Stonecroft Evangelism Tools

Stonecroft equips you to share your faith by offering you these and other resources:

Sharing the Gospel Through Your Story

Starting a Faith Conversation

Answering Difficult Questions

Community Discovery Through Prayer

Facilitating a Stonecroft Small Group
